### PRESIDENT'S CORNER

Hello Everybody,

Again, greetings to our registered members, all our guests and those surfers in cyberspace that have stumbled onto our website, or check us out regularly.

It's been a full spring on several counts. **Connie** and I had our third child, **Joseph**, graduate from High School in Arlington this past weekend. Our second child, **Joshua** and his wife **Michelle**, were in town this past week. They brought our beautiful granddaughter, **Belle**, with them. **Michelle** is in the Air Force and is about to be deployed to Iraq. She's going for some desert training June 15 for a few weeks before heading overseas. Please mention her safety in your prayers. And of course, there were last minute end of school things for **Joseph** and our youngest **Gabriel**. Man, am I tired! Don't tell **Connie** I said that though cause she did 10 times as much stuff as I did and worked her 40 hour week also.

This is always a busy time for families, we all know that. End of school and beginning of school. Oh, and don't forget, July 4th and Labor Day Weekend. I may throw a Halloween party this October. Wait, did I mention Turkey or Ham for Thanksgiving. Man it seems like Christmas will be here soon, how many shopping days left. Anyone going to a party on New Years Eve. That reminds

me I've gotta go pick up a Valentines gift, shop early. I think I'll take the kids to that egg hunt on Easter, nah, mine are too old. Wow, imagine that, its Memorial Day Weekend again. And I didn't even mention, Mother's Day, Father's Day, President's Day, Yom Kippur, M.L.King Day, Columbus Day, Arbor Day, Veteran's Day, Cinco de Mayo, Juneteenth, Flag Day, April Fools Day, Mardi Gras, St. Patrick's Day, Kwanzaa, Hanukah and Chinese New Year. But did I forget any? You bet I did. There are dozens of regional, State and religious holidays that are celebrated all over this great country by somebody in almost any given week. How many of us have been on a weekend trip to Jefferson or Kerrville and passed through a small town and spied the banner hanging over main street declaring the Big "blank" Festival the following week. Like me you probably thought, "Oh man, I'd love to come back for that" (especially if it involved food). And I haven't even mentioned sporting events.

So what am I getting at? Where do we find time to ride motorcycles with all this going around us? For each of us we have to carve out that little slice of life to make time for those special things. Once again what word comes to mind "Freedom." We have the freedom to pick and choose any of those wonderful things to attend. So get your significant other and maybe a friend or two and make a weekend of it. See America. Or at least try to see some other parts of Texas. "But Scott!?" you may ask, "how do I find out about these things?" Okay, here's a start, try: <http://www.southfest.com/texas.shtml> or do a Google search of "Texas, Festivals events", etc. Some may even promote

biking, so throw "motorcycle" into your search also. If you only want biking go to a bike rally website and check those out.

We only live once, life it too short, Get out of the house, explore. Then you'll have something to brag to all of us that you went to.

Until we meet again, Ride Safe.

**Scott Kendall**

## MEETING MINUTES

by **Larry Harmon**

Vice President **Toby Burgess** called the May Dinner meeting of the DFW Freedom Riders to order and welcomed the 38 members present at that time. By the end of the meeting there were 43 members and guests present. Our Club President **Scott Kendall** was at his son's Choir concert and arrived later in the meeting. **Dan McDonald** was home with the A/C repair person and also arrived later.

**Toby** talked about the Kerrville Trip and how wonderful a turnout we had. He is also putting together a slide show of photos from the trip, so anyone with some great photos, please submit them to **Toby**.

A reminder that June 2nd our rides start at 8 a.m at the McChevron on the corner of Main and Hwy 114. There will also be 2 Moon light rides in the month of June, Saturday June 2nd and Saturday June 30th. Both rides start at 9 p.m. also at the McChevron.

**Mike Brown** talked about the Run for The Wall ride. This event was coming through Weatherford Tx on Saturday May 19th on its way to Washington DC.

**Toby** also mentioned an interesting article in the May Freedom Rider Newsletter from **John Blanding**. He and another rider are planning a trip to Golden, British Columbia, Canada.

### Thought for the Month

Sharing your troubles cuts the pain in half. Sharing your happiness doubles the joy. - *Shawn Shoen*

The trip will leave DFW area on July 15th and will traverse Durango Colorado, Utah, and Jackson Wyoming, through Yellowstone National Park and into Montana crossing over with a full day's ride into Canada. John has an open invitation to anyone interested in joining. Contact **John Blanding** at johnblanding@brahmas.net

**Toby** also gave an update on **Bob Nolden**. **Bob** was supposed to have had a procedure to implant stints, but the process was quickly turned into a quadruple bypass surgery. **Bob** is doing well and was home at the time of the dinner meeting.

**Kevin Vardaman's** latest update from **Pam Vardaman**. Although he was having some initial difficulties to the treatment of radiation, "Kevin's latest P.E.T. was very good! No new tumors!!!! Hurray!!! The P.E.T. already confirmed what we knew from all your prayers, the tumors in his pelvic area are shrinking. The hypo metabolic activity was reduced in some cases by up to 40%, and they're size reduced over 50% in one case!!! Praise be!! Means the cancer is being kicked out!!! Soon "hotel Vardaman" will be off limits to cancer!!!"

Club Secretary **Larry Harmon** talked about the members page on the Freedom Riders website. You can still have your picture added to the member's page. If you have a good quality picture of you and your bike or you, your co-rider and your bike, can submit those to the webmaster and **Dan** will upload the picture to the website. As examples, see the photos **Mark Palmer**, **Ken Frazer** and **Bruce and Sandy Morris** have recently submitted. Although I really like the big Honda sign in the background of our picture, their pictures are really good.

**Betty Oswald** is selling raffle tickets for the GWTA (GoldWing Touring Association). Tickets are \$1 each. Winner need not to be present at the drawing to win. The drawing will be held at Gold Rush XX closing ceremonies July 19, 2007 at 5:00 PM in Sioux Falls, South Dakota at the Sher-

Welcome to our new members for the month; Randy Ellis from Irving. We look forward to many miles of riding with you.

## Upcoming Canada Trip

I am a very new rider with my 2003 Honda VTX1800C. Prior to this bike there have been 4 others... smaller. A good friend of mine and I are taking a trip to Golden, BC, Canada starting this coming July 15th. Both of us are novice trippers yet see no reason we should do anything but enjoy this diverse & scenic trip. Our route is initially planned as:

Day 1 Enjoy scenic NW Texas stop over night Dalhart, Texas.

Day 2 See NM volcanoes, mountains via Taos & the Rio Grande gorge stop over night Durango, Colorado.

Day 3 Ride highway US550/50 along CO's steep mountains and switchback curves - climb up again to CO's high desert & into Utah's Flaming Gorge country then very high Wyoming grasslands stop over night Rock Springs, Wyoming.

Day 4 Ride through Jackson, WY, then along the Teton mountains/park, & through Yellowstone National Park stop over night Bozeman, Montana.

Day 5 Ride Montana's high passes and valleys via I90 to Missoula then north to Flat Head Lake (largest US fresh water lake west of the Mississippi), Kalispell and stop over night Whitefish, Montana.

Day 6 Cross the US/Canadian border at Roosville, ride Canada high-

ways 93/3/95 through the Columbia River valley and finish in the heart of the majestic Canadian Rockies at our Blaeberry Valley cabin near Golden, British Columbia, Canada.

For bikers who have not seen these sights, it's a "must do" sometime in your life. I've been this exact route before but never on a bike. The bike will add another great dimension to this trip. When traveling this route before, I've passed good size groups of 25 bikers or more taking it all in. Any one interested is welcome to join us. For more information, contact John Blanding at johnblanding@brahmas.net.

## SAFETY PRIORITY #1

### DOGGONE IT!

*How to handle charging animals  
By Elaine Anthony - @msgroup  
used with permission*

When it comes to handling dog problems on a bike, here's a couple of ideas:

If you have a dog problem that's chronic (a neighbor who routinely fails to fence or leash his critter), you may have to deal with the same dog repeatedly. You may find it handy in such a case to keep a can of black pepper on the bike. Let him come close (not within contact, though!) and get a co-rider to sprinkle it liberally in his face while you drive at slow speed.

You could also try the pepper spray stuff that is sold for personal protection. It may do the same thing, maybe even be better -- but you have to be pretty close to hit the dog with it in the face. There may be some long-term effects on the dog (besides to discourage him from chasing bikes!), such as damaging his eyes; however, this doesn't seem to be a problem for human beings who are pepper-sprayed.

Dog lovers may not like these ideas, but if you ride, you need some strong self-protective instincts, too. While it may infuriate you to see someone treat a dog badly, a big dog can be serious road hazard for

a motorcyclist if the owner is stupid enough to let the animal run loose near a road.

The preferred method with the occasional dog adventure is to change speed so that the dog is confused. If it is trying to chase you on the bike, vary your speed so that the dog can't tell where you're going to be next. Slow down so that it overshoots your front wheel, then speed up so it can't catch you. In short order, the dog will probably give up.

The one thing you want to avoid is kicking at the dog. You can seriously destabilize yourself on the bike by doing this -- and if you kick out and he bites and grabs hold of your leg as you're moving, you are very likely to go down (besides having teeth marks in your boot!). If a vicious dog approaches you on your bike while you're stopped and unable to drive away, you'll be doubly glad to be wearing good boots and leather chaps.
